## NEWT BAILY HAS BECOME BENEDICT

WIRES HIS FRIENDS IN TONOPAH OF HIS MARRIAGE AT BERKELEY.

Newt (Bill) Bailey of the Montana-Tonopah mill force, wired his friends at the club on the hill from Berkeley that he was inexpressibly happy, due to the fact that he had become a benedict. "Bill," however, in his wild delirium, forgot to mention the name of the bride. His friends kept the wires hot with congratulations and it is needless to say that when he returns to Tonopah, a reception will be tendered him that will cause him to imagine that he is the "Wizard of Oz."

## HUMAN VAMPIRE IS SENT TO JAIL

DEPRAVED WRETCH IS GIVEN FIFTY DAYS FOR ASSAULT AND BATTERY.

That Judge Brissell has determined to rid this community from that class of vampires who live on the earnings of fallen women, was demonstrated yesterday when he gave one Frank Sherwood fifty days in the county jail or a \$100 fine, and in default of the fine he now languishes in the county bastille.

The case came before his honor at a late hour yesterday afternoon, a woman known as Florence Brooks having sworn to a complaint on the 16th, charging Sherwood with assault and battery. The defendant is a man over six feet tall and weighs over 200 pounds, while his accuser is a frail little creature who would find it hard work to make the scales tip 100 pounds. From the evidence adduced at the trial, it was proven that the prisoner was very indignant over a remark made about him to "his woman" by the Brooks girl, and meeting her in a resort in the lower part of town, he proceeded to pummel her over the head with an umbrella, and stated at the time that he would allow no woman to talk about him. She managed to make her getaway, and going to Judge Brissell, swore to a complaint charging Sherwood with assault and battery.

When the case was called the complaining witness had not put in her appearance, and as the judge had cautioned her when appearing to make the charge, that failure to appear would mean the issuance of a bench warrant, he ordered the officers to institute a search for her and bring her to the court room. After a hunt of several hours she was located and taken into custody. Her testimony was given with a great deal of reluctance and the reason therefor was dragged out of her by Prosecuting Attorney Ailing. She said that she had been warned by several companions of Sherwood that if she testified against him she would be done great bodily harm. She then related what had occurred, upon which the judge gave the depraved wretch his dues. The prisoner made a plea to be allowed to leave town, but the judge was of the opinion that this would not satisfy the ends of justice and refused to relent.

## OPENS UP GOOD GRADE MILLING ORE

LEASER AT MANHATTAN ENCOUNTERS \$25 ORE AT THIRTY FEET.

H. W. LaLime, one of the foremost mining men of Manhattan, came in from the northern camp yesterday morning and returned last evening. Mr. LaLime, who has but recently returned from the East, reports many inquiries regarding mining conditions in southern Nevada.

"I am interested," said Mr. LaLime, "in both the camps of Round Mountain and Manhattan, and I have the greatest faith in the future of these places. My direct interests in Round Mountain are in the Fairview and the Sphinx Extension, and I have made a personal inspection of the properties and they are in a fine physical condition. I shall start work on my lease on Union No. 4 immediately on my return to Manhattan and shall work all the men possible. Mr. Bruce Connelly and myself have lease No. 5 on the Earl Mining Company's ground, on which we have sunk a shaft 30 feet, the bottom of which is in a five-foot vein of milling ore that will average \$25 to the ton. I have been over the ground with Mr. Snedaker of Chicago for the past week, looking for a site for the proposed new mill which will undoubtedly be constructed in a very short time."

## SUES ARCHITECT FOR LARGE SUM

GOLDFIELD, May 18.—A suit has been filed in the district court here against George E. Holesworth of Tonopah, architect of the Goldfield hotel, asking for damages, the total amount of which is \$205,125. The allegations are numerous and specify failure to comply with the contract in about twenty instances.

If you desire ruling or binding in a first-class manner call up the Bonanza and our solicitor will attend to your wants.

## PREPAYMENT RULE IS ABOLISHED

TONOPAH & GOLDFIELD MAKES ANNOUNCEMENT AS TO PREPAYMENT OF FREIGHT.

W. D. Forster, general freight and passenger agent of the Tonopah and Goldfield road, has made the announcement that the prepayment rule of the railroads handling freight into this district has been abolished. Mr. Forster went to San Francisco some time ago to make an effort to have this rule removed and his efforts were crowned with success.

The burden of paying the freight charges before goods arrive here has been ordered lifted from the shoulders of the business men of this territory. On June 1, the rule will cease to exist. This will affect all points on the Southern Pacific road. The rule of prepayment has been a detriment to this territory, and the rescinding of it will be of great advantage to merchants and business men generally in this city and environs.

Heretofore the money covering the payment of freight charges had to be advanced before the goods would be moved by the roads, and was held during all the time from the date the consignment was ordered. This was a hardship upon everybody bringing freight into this territory.

## MANHATTAN HAS NEW INVESTOR

CONTRACTOR HOLESWORTH EXHIBITS HIS FAITH IN THE NORTHERN CAMP.

Contractor George Holesworth returned yesterday afternoon from Manhattan, where he has been looking over properties in which he is interested. He expresses great faith in the future of the camp and will devote his time and money to advancing its interests. Mr. Holesworth and his associates have recently taken a lease on the Breyfogle. They are working two shifts a day and propose prosecuting work in a rapid manner until they reach the 300-foot level, when a drift will be run to connect with the Thanksgiving ledge. He has also purchased an interest in the Central mill, which was built some three years ago. His associate is M. T. Michaels, a practical mill man from Colorado. It is the intention of the gentleman to enlarge the mill to a ten-stamp capacity, the machinery being now on the way, and Mr. Holesworth says that it will be in operation inside of forty days.

## FINE SPECIMENS FROM RAWHIDE

RICH ORE TAKEN FROM BOOTH. ALEXANDER LEASE ON BALLOON HILL.

At Hall, who came in from Rawhide Sunday, is exhibiting some rich specimens of ore from the B. & H. lease on Balloon Hill. The find was made on Mascot No. 10, the lease of W. W. Booth and Geo. Alexander of San Francisco. The gold is scattered all through the ore. The strike was made in a shaft which they are now sinking.

## MILLIONS BACK OF POWER COMPANY

F. L. Sigel, of Denver, president of the California-Nevada Power Company, has been in the camp for the past week. He made a thorough inspection of the Bishop generating station, and also visited neighboring mining camps, where he made an inspection of mines in which he is interested, says the Goldfield Tribune.

"I am more than pleased with what I have seen," he said last night, "and my faith in the wonderful mineral wealth of this section of the country is greater than ever. The power company of which I am president will have by fall an additional 8000 electric horsepower for distribution, and it looks to me as though it would all be needed. The company has already put \$3,000,000 into the enterprise, and those back of it have any number of millions more to put in. The company is going to keep pace with the development of the mining camps in this section, but I realize that we will have to keep busy."

## KIRK IS BOOSTER FOR TONOPAH

CLEVELAND MAN SAYS OUR CITY IS FORGING AHEAD RAPIDLY.

F. M. Kirk, director and one of the heaviest shareholders in the Montana-Tonopah Mining Company, visited Goldfield this week before returning to his home in Cleveland, Ohio.

Like all Nevadans (by investment) Mr. Kirk is a strong booster for the camps in which he invests, and Goldfield will shortly be one of them. Mr. Kirk said to the Goldfield News.

"Tonopah is saying little, but is accomplishing great things. Its rate of production has settled down to something like a half million dollars a month, or \$6,000,000 a year. This sum will be a strong consideration in the output of the State for the current year."

"Tonopah got its mills in advance of Goldfield and is reducing its ores at home, something that your camp will shortly do, when I look for an enormous output from the camp of gold."

"The Montana-Tonopah, in which I am interested to some extent, made a 93 per cent extraction last month. The company has an immense amount of reserves and development work is being carried westward, where the territory is unexplored."

"Tonopah is going quietly, but vigorously ahead. It is possessed of the true frontier spirit, however, as was witnessed the other night when a conflagration was in progress which threatened to raze the city to its foundations."

## OBSCENE AND VILE LANGUAGE

FRANK MURPHY IS NOW RESTING BEHIND PRISON BARS.

Frank Murphy, who was arrested yesterday on the charge of disturbing the peace and for using vile and obscene language will be tried this morning in Judge Brissell's court. Murphy, who has been living in a cottage owned by Mrs. Kotelman, had been requested to remove his belongings by the owner of the premises and refused to do so, and instead used abusive language. The chief of police was summoned by phone and arriving on the scene advised Murphy to desist. Murphy, thereupon attempted to put his hand on the bridle of the horse that the chief was riding and made a few uncomplimentary remarks, and, dismounting, the chief placed the man under arrest and had him at the entrance of the jail when Murphy, who is a powerful man, began to put up a fight. The chief soon had him horsed combat and he will be given an opportunity of viewing Judge Brissell in all the majesty of the law.

## TRIP THROUGH THE HOLY LAND

Not one of us but would like to take a trip to the Holy Land, to visit the scenes and places made sacred by the presence of the Lord. Who would not like to see Bethlehem and Bethany and Olivet, and the hundreds of places of sacred history? But most of us cannot. The next best thing is to see the pictures made by those who have visited this land, and hear them explained and described by an interesting speaker. Such an opportunity will be given the people of Tonopah on Tuesday evening at the Eagles pavilion, by Geo. H. Greenfield, Ph. D., who has visited Palestine. A fine stereopticon will be used. The lecture is under the auspices of the young people of the Presbyterian church. The proceeds will go toward the work of the young people. An entertainment that is entertaining, instructive and helpful ought to be patronized.

SANCTUARY SOCIETY MEETING. The Sanctuary Society will meet at the residence of Mrs. Joseph Stenson on Wednesday afternoon. All members are urgently requested to be present.

## PREPARE FOR GRAND LODGE

Mizpah Lodge, K. of P., held an enthusiastic meeting last night, at which three candidates were initiated. Arrangements were also made to entertain the Grand Lodge, which meets here on June 11. This is the first time the Grand Lodge has met outside of Reno in twelve years, and as Tonopah has this distinctive honor, it is the aim of the local members to make the occasion one long to be remembered.
